Court's Action.****JUDGE ANDERSON ACTS****Sends Accused U. M. W. A. Official to
Prison After Two-Minute Session to
Hear His Application For Bail.**

By Associated Press.
PITTSBURG, Kan., Dec. 23.—Eleven mines, employing 1,000 miners, were closed this morning as the result of strikes in protest against the action of Judge Anderson in sending Alexander Howat, president of the Kansas miners, to jail.

INDIANAPOLIS, Dec. 23.—Officials at the headquarters of the United Mine Workers of America said today they had not heard the strike of the Kansas miners as a protest against the action of United States District Judge Anderson, who yesterday ordered Alexander Howat, president of the Kansas miners, remanded to jail. William Green, secretary-treasurer of the miners, said he had heard nothing of the strike and that so far as he knew they were voluntary. John L. Lewis, acting president, is at his home at Springfield, Ill., for the holidays, it was said. At headquarters, Howat, who was hearing on contempt charges was postponed yesterday to next Monday and who later was remanded to jail by Judge Anderson, was still confined in the Marion county jail here this morning. It was said there was no intention as to whether he would be released pending his hearing.

JUDGE ANDERSON PUTS
HOWAT BEHIND THE BARS
INDIANAPOLIS, Dec. 23.—Alexander Howat, president of the Kansas district of the United Mine Workers of America, was remanded to jail by United States District Judge Anderson Monday afternoon. Howat, who was charged with contempt of court, was remanded to the Marion county jail next morning.

The afternoon session of court lasted less than two minutes. When the judge took his seat he turned to Henry Warrum, counsel for Howat, and asked if he had anything to add to his statement of the forenoon. "Nothing, your honor," Mr. Warrum replied, "except to ask what amount will be required of Mr. Howat's bond for his appearance Monday." "That is a matter for serious consideration," Judge Anderson said. "I will take that up later. Mr. Marshall, let Mr. Howat in jail." Howat was taken to the Marion county jail. There was no indication as to when decision on the amount of bail to be required would be forthcoming. Judge Anderson had expressed disapproval of the form in which bond for Howat had been furnished and gave him until 2 o'clock in the afternoon to make some proposal with regard to bond and to his conduct pending the hearing next Monday. When Howat was brought before Judge Anderson declared that violations of the Federal Court's injunction under the Lever Act against furthering the coal strike in Kansas must stop, if persons guilty have to be put in jail and kept there.

DANIELS ORDERS PROBE**War Naval Decorations Were Dis-****tributed Will Be Investigated.**

By Associated Press.
WASHINGTON, Dec. 23.—Secretary Daniels today ordered a comprehensive report on award of naval decorations prepared for the information of Chairman Page of the Senate Naval committee. It will include all recommendations by individuals or by boards and headquarters by the board and by the secretary himself upon recommendations.

The order was issued in response to a request from Senator Page which followed criticism of the manner in which some of the awards were distributed. Part of this criticism was made by Rear Admiral Sims who commanded American naval forces overseas during the war.

Enjoined from Singing.
CLEARFIELD, Pa., Dec. 23.—Asserting that he had been forced to adhere mass twice in the Greek Catholic church at Smoke Run, near here, because the self-appointed choir leader, Joseph Yalchick, persisted in singing high mass while the pastor read low mass, Rev. Michael Padrey has filed a petition in Common Pleas court here asking Judge Singleton Bell to grant an injunction restraining Yalchick from joining the choir with this "awful voice." After hearing the petitioner's prayer Judge Bell promptly issued a temporary injunction and set January 22 as the date for a hearing on the proceedings. In the meantime Yalchick will not be permitted to use his "awful voice."

ROME, Dec. 23.—Mustapha Kemal, leader of the Turkish insurgents in Asia Minor, and head of the Turkish nationalist movement in Asia Minor, has been assassinated, according to a telegram dispatched to the Times.

**JOHNNY PERSHING, BACK HOME,
GREETES THE FOLKS AND EATS
SOME FRIED DRIED APPLE PIE****By Associated Press.**

LACLEDE, MO., Dec. 23.—Warren Pershing, 16 years old, sat down to dinner today in the old dining room where daddy used to eat his Christmas and Thanksgiving turkey way back yonder in the days when dad was Warren's age and ordinary folks could afford turkey. Along with Warren at the dinner was dad—General John J. Pershing—and Aunt May Pershing, and the governor of Missouri and the mayor of Laclede, on whose grocery wagon dad used to hook rides, and a few more folks.

Most of them were folks who used to know the general when he was Warren's age and when full justice had been done to the turkey and fixings and pie, General Pershing stepped out on the porch of the old house where he used to live and addressed a few remarks to the Linn county neighbors who gathered in the yard.

Everybody at the dinner except General Pershing ate as much as he pleased but the general saved room for the fried dried apple pie that Aunt Susan Hewitt, 78 years old, had baked for him. The visit to Aunt Susan, who used to bake pies for John J. Pershing long before anybody ever dreamed he would be great, was an important part of the homecoming celebration of the commander-in-chief of the A. E. F. Laclede planned a different sort of day from any the general has spent for many years. It was a day shaking hands with neighbors and "Howdy, John," and "John I had a boy over yonder. You didn't happen to run across him, did you?"

This is Laclede's historic day. For years they will tell stories of "Johnny

Pershing's home-coming and what he said at dinner and point at the place—"right there"—where he stood when the governor pinned a gold medal on him that the state gave him.

At dinner a silver loving cup bought by old friends of the general was given to him. There was a reception at the city hall after dinner when everybody who could get in had a chance to shake the hands of the general, and then was that visit to Aunt Susan Hewitt, for Aunt Susan is fond and could not come to the celebration. She had announced that she was a few minutes with "Johnny" and a chance to watch his face when he saw that fried dried apple pie. He had not had one of Aunt Susan's pies for years and he used to pester her to death for them when Aunt Susan's husband used to run the tavern. It was hard to tell which John Pershing liked best, Aunt Susan and those dried apple pie, or Captain Jacob Hewitt's stories of the Civil War. Laclede is sure those rumors had something to do with Pershing deciding to become a soldier.

Sunday Papers Boost Price.

NEW YORK, Dec. 23.—Publishers of all newspapers in New York City except two who already have increased their rates, will advance the price of Sunday papers in the country districts to 10 cents on or before January 4. All but one New York paper have decided to issue no editions on either Christmas or New Year's day.

Premiers to Confer.

LONDON, Dec. 23.—Premier Lloyd George will go to Paris next week to confer with Premier Clemenceau, it was announced today.

**WAR DEPARTMENT WILL
SELL 1,900,000 PAIRS
OF NEW ARMY SHOES****First Release of Unused Footwear An-****nounced; Claimed to Be Excep-****tional Values.**

WASHINGTON, Dec. 23.—The director of sales announces that the War Department has decided surplus and is preparing to offer for sale at fixed prices to the public, through the Army Quartermaster retail stores, approximately 1,900,000 pairs of new army shoes made on the Munsion last. This is the first offer made by the War Department to sell unused shoes.

The Quartermaster General of the Army has issued instructions for the distribution of approximately 1,900,000 pairs of these shoes to the 25 retail stores now being operated under his supervision, and they will be available to the public as soon as delivery to the stores can be effected. The superintendent of each store will make local announcement of the date on which the shoes will be placed on sale in his store. The remainder of the surplus will be distributed to the army retail stores in accordance with the demand developed for them.

The surplus stock includes three classes of shoes, namely the chocolate colored marching shoe, which will be sold in the retail stores, both over the counter and delivered on mail orders, at \$8.25 per pair; a heavy-weight, metallic fastened shoe that was manufactured for field use, which will retail at \$7.50 per pair; and a welt shoe, which will also sell at \$7.50 per pair. The shoes to be placed in the army retail stores will range in size from 5 to 15 and in width from A to E. Sizes smaller than 7½, however, will be limited in number.

At the prevailing price of shoes in the commercial market, these army shoes are of exceptional value. They were manufactured from the highest grade of leather obtainable; every piece of leather, after being cut for the manufacture of a shoe, was inspected before being assembled, and each shoe was subjected in the course of assembling to a series of detailed inspections. The leather which went into their manufacture was tanned in accordance with army specifications, and the process of tanning pursued was designed to make them as water resisting as possible. They are the nearest approach to a water proof shoe now on the market. The uppers are practically indestructible. Shoes of similar type issued to the American soldiers in France were resoled and resoled in instances as many as three and four times.

DISCUSS BILL'S CASE**Allied Legal Experts Reported to Have****Indicted the Kaiser.****By Associated Press.**

LONDON, Dec. 23.—Law officers of the crown held a consultation with French and Belgian law officers today with regard to the former German emperor.

It is reported that the conference made a case against the former German ruler and framed an indictment. Baby Carriage Abre.
Two children of a colored family named Johnson of Freeman lane were in danger of their lives the other day when a baby carriage containing a baby and pushed by another child caught fire from a gas stove. Much of the clothing of the children was burned and the carriage was damaged but the children escaped practically unhurt. Their mother put out the fire.

**"HUMAN FLY" YEGGS
ROB TWO, THEN CLIMB
DOWN WALL OF HOTEL****Wealthy Occupants of Knickerbocker****in New York Attacked and \$4,000****to Jewelry Taken.**

NEW YORK, Dec. 23.—Two burglars attacked Mr. and Mrs. Aloysius Broderick, wealthy residents of Dallas, Texas, in their apartment at the Hotel Knickerbocker early today and escaped with \$4,000 worth of jewelry. Two men were arrested later in the eighth room of the hotel.

The burglars pried open the door of the hotel apartment, struck Mr. Broderick over the head with a hammer, tied his wife to the bed and then ransacked the room. They left by a window and climbed down the wall, "human fly" fashion.

The arrests were made by three policemen with revolvers drawn.

MESSAGES TO REDS**Fellow Radicals Here Send Radioes to****Those On Deportation Ship.****By Associated Press.**

NEW YORK, Dec. 23.—The "Soviet Ark" built up sailing for Russia with its cargo of Reds, in more than 100 letters to those on the ark of Biblical times, for instead of having to depend on a dove for communication with the outside world its passengers are receiving messages of cheer by radio from fellow radicals in this country. Samuel Lipman, who soon will be sent to Atlanta to serve 20 years for violation of the espionage act after having failed to escape into Mexico from New Orleans by steamer, today sent a message to Ethel Bernstein, his son-in-law's wife, one of the women aboard the Buford.

WASHINGTON, Dec. 23.—An explanation of the deportation of the 249 radical Russians on the transport Buford was given by the State Department today to "various foreign capitals." The message said present conditions had been taken to "request for their safe conduct and humane treatment at the hands of the authorities under whose jurisdiction they will pass to Russia."

MYSTERIOUS ROBBERY**Jeannette Private Bank Reported to****Have Lost \$50,000.****By Associated Press.**

WASHINGTON, Pa., Dec. 23.—The robbery of the private bank of J. P. Miller at Beallsville, 12 miles from here, Sunday night, was still shrouded in mystery today. Mr. Miller, except to say that the robbers had not been able to gain access to the money vaults, declined to make any statement of his probable loss. In Beallsville the amount is estimated from \$5,000 to \$50,000, probably nearer the larger sum. The bank was not insured nor has Mr. Miller notified the authorities of the county. The safe was entered by means of an acetylene torch some time Sunday night or Monday morning and it is believed the robbers were professionals. Indications are that the thieves escaped in an automobile.

Although the robbery was discovered Monday morning, the news did not become known until Monday night.

Adopts Daylight Saving.
Pittsburg city council yesterday adopted daylight saving. Clocks will be set ahead an hour May 1.

**AN EXCHANGE OF
RATIFICATIONS BY
XMAS IMPOSSIBLE****German Delegation Wants to****Consult Berlin on Last****Allied Communication.****By Associated Press.**

PARIS, Dec. 23.—Exchange of ratifications of the German peace treaty before the end of the year is considered in French social circles as impossible. This opinion was formed today when the head of the German delegation here announced that he would be obliged to return to Berlin to consult with the government on the latest Allied note. Paul Dutasta, secretary of the council, handed Kurt von Lersner, head of the German delegation, the Allied reply to the last German note. Von Lersner replied, owing to difficulties of communication and the importance of the document he felt obliged to consult Berlin and that he would leave with all his experts for the German capital tonight. He said his departure was in no way a rupture of negotiations.

Secretary Dutasta, in accordance with instructions from the supreme council, accompanied the Allied note with a verbal communication assuring von Lersner that the Allies recognized the economic difficulties which might exist in Germany and wished to take account of them.

If proof were given that errors had been made, in the estimate of floating material now in the possession of Germany on which the Allies based their demands for reparations for the sinking of the German ships at Scapa Flow, these demands Dutasta is understood to have told the German plenipotentiary would be reduced proportionately.

**FOUR PICKPOCKETS
IN TOILS; CAPTURED
AS THEY START WORK****Citizen in Plain Clothes Points Out****Two at West Penn Waiting Room;****Others Caught at B. & O.**

Through the knowledge of a citizen in plain clothes who tipped the police to their presence, four alleged pickpockets were arrested last evening here and are now at the lockup awaiting a hearing before Alderman Ewald. They gave their names as Joseph Rosen, William Stulen, Rosey, Ben Gordon and Thomas Casper, all of Toledo.

Rosenblum and Rosey were arrested in front of the West Penn waiting room, the others at the Baltimore & Ohio depot. A short time before the arrests George Blinn of Latrobe reported to O. P. Ludwig of the Baltimore & Ohio police force that he had been robbed of \$375 at the Baltimore & Ohio station. When Casper and Gordon were caught they were found to have \$346 in cash and three gold watches. The others had only a few dollars. They had not got started on their work, the officers believe.

BOOZE FOR GERMANY**Much of Whisky in U. S. Warehouses****to Be Sent There.****By Associated Press.**

NEW YORK, Dec. 23.—Much of the whisky now in the hands of the distillers of the United States will be sent to Germany, it was said today. The market in England is overloaded with the American product. In France and other countries a different sort of liquor is preferred by most drinkers, it was said. The Trans-Atlantic Commercial corporation, which is acting as exporting agent for much of the whisky now in the hands of the distillers to send the liquor to Germany, pointing out that warehouse space in Hamburg is cheap and the opportunity to sell it appears good. Arrangements have been made by one Kentucky distillery to ship to Germany 5,400 barrels.

The exporting agent expect that there will be little difficulty in finding large ships enough to take out all the whisky that Americans desire to export before January 1. Since last June one exporting agent has sent 75,000 barrels of Kentucky whisky to England. Much of this has been put on the market but it has been found difficult to wean consumers from Scotch.

Banks Will Be Dry, too.

WASHINGTON, Dec. 23.—Exacting liquor will not be sold on Shipboard Passenger liners plying between New York and South America. Chairman Payne announced today. The first of these ships will sail from New York Saturday.

SUGAR EXPORTS BIG
 Three Times That of 1918 Already Has Been Sent.

More than three times the amount of sugar exported in 1918 has been sent out of the United States in the first 10 months of this year, a Department of Commerce report shows.

One billion two hundred and fifty million pounds valued at \$97,000,000 were exported which went largely to the United Kingdom and France, exceeding in quantity 338 per cent the amount sent out during the same period last year.

While this sugar was being shipped out of the country, American importers brought in more than \$250,000,000 pounds valued at \$431,424,000. The imports increased only 27 per cent which in comparison with the much larger export increase accounts for the difficulties the American housewife is having in securing sugar from her grocer, is the opinion of the officials.

DRILLING CONTRACT LET
 Brickman Gas Company to Begin Operations at McKeesport Jan. 3.

The Brickman Gas company, composed of Conneltsville men, will begin drilling for gas in the Silview Park addition, McKeesport field, January 3, according to an announcement today.

The contract for building the derrick has been awarded to C. M. Watson of Wheeling, W. Va. He will supply the materials and the agreement is that he is to have the rig ready by the date above named. The contract for drilling has been awarded to J. W. Morehead of Mountville, W. Va., who will start operations the day the outfit is ready.

The first well will be located 800 feet from a big one of the Philadelphia company. Several are to be drilled.

BLANKET SALE DELAYED
 Thousands Will Be Offered at First Ward Polling Place Friday.

Owing to delay in the arrival of army blankets shipped from Washington the sale scheduled to begin this morning was postponed by Food Director Antonio Butano until Friday. They will then be procurable at the First ward polling place, in the rear of the Smith House.

The blankets, 1,000 of them, were to have been shipped from Washington Saturday according to word received by Mr. Butano, but are supposed to have been delayed owing to the Christmas rush.

SPECIAL PRIVILEGE GRANTED HOLDERS OF WAR-TIME INSURANCE

Given Until December 31 to Reinstatement Policies That Have Been Allowed to Lapse Since Discharge.

WASHINGTON, Dec. 23.—A special ruling allows all ex-service men, no matter when discharged, to reinstate their insurance on or before December 31, 1919, on statement in their applications that they are in as good health as at the date of discharge or at the date of the expiration of the grace period for the payment of premiums, whichever is the later date, and payment of two months' premiums on the amount of insurance to be reinstated. After December 31 the privilege of reinstatement will be limited to the period of 18 months following the month of discharge or 12 months following the month of lapse if reinstatement is made after 18 months following month of discharge.

As only two months' premiums are now required for reinstatement, a former service man who paid more than two months' back premiums in reinstating prior to July 25, 1919, can, on application, obtain credit for any premiums so paid in excess of two future premium payments.

The Bureau of War Risk Insurance wants the service men to know what their rights are as to government insurance and the methods by which this insurance may be retained or reinstated.

Check or money order should be made payable to the treasurer of the United States and, with the application, sent to the premium receipt section, Bureau of War Risk Insurance, Washington, D. C.

SERIOUSLY CHARGED
 Mother of Murdered Girl Accuses Man of Performing Illegal Operation.

By Associated Press.
 LAWTON, MICR., Dec. 23.—A signed statement accusing Joseph Virgo of performing an illegal operation upon Maud Tabor has been made by Mrs. Sarah Tabor, 80-year old mother of the brilliant girl whose body was found in a trunk in the basement of her home here.

Assistant Prosecutor Warrum made this announcement this morning.

The statement which is in direct contradiction to the story told by the aged woman at the inquest, covered 30 pages and was made to him, Warner declared, in the jail at Paw Paw, near here, shortly after midnight.

Mrs. Tabor charges that Virgo, who was married to Miss Tabor about a year before her disappearance in 1918, took her to a deserted farmhouse in the neighborhood of Lawton, kept her there three days and then brought her here where she died. The statement adds that Virgo examined the body of his wife into what was to have been her "hope chest" and conveyed it into a cellar, after she had prevented him from shipping the trunk out of the state. Virgo has been in jail at Paw Paw nearly a month on a warrant charging murder.

In her testimony at the inquest Mrs. Tabor brought from California with her son, Walter, on a charge of murder, denied she had any knowledge of a criminal operation or any reason for one. This testimony was given Prof. Wharton, University of Michigan pathologist, stated that a laboratory analysis of the woman's viscera proved she had died of hemorrhage incident to induced child birth. Mrs. Tabor maintained that her daughter had died in her arms in the home here from an overdose of chloroform taken to relieve asthma. She told a dramatic story of how in fulfillment of a death pact, whereby she and her daughter were to be buried together, she had withheld the body from burial.

TUESDAY EVENING, DEC. 23, 1919.

COKE TRADE "HUMPS."

The coke trade of the Conneltsville region is experiencing another of the "humps" which it seems to be the ill-fortune of this industry to suffer with certain regularity in the order of succession.

Just as production was beginning to reach a fair stage, following the depression resulting from the steel strike, the coal strike reached, that proportion making it necessary to impose restrictions upon the use of coke in making. The order of the Fuel Administration requiring 25 per cent of the mine production to be diverted to the raw coal market did not, of course, lessen plant activity, but it did curtail coke production accordingly. Shipping coal at the \$2.35 government limit when \$1.15 more per ton could have been realized by turning it into coke was the condition the trade was obliged to meet. At the same time all possibility that the loss thus entailed on coal could be made up on any free coke that might be sold, was eliminated through the restoration of the war-time limits on coke prices. Meanwhile a wage advance became effective, no portion of which can be carried by an increase in the price of coke or coal, both being held to the maximum prescribed.

But more burdensome than either of these conditions, especially for operators who have not contracted for the first half of 1920, is the fact that without a removal of the price ban they are deprived of the benefits of ratio contracts, such as were made before the government price limits were re-imposed. But with the fortitude with which they have met all sorts and kinds of conditions in the varied history of the industry they began, as soon as the production restrictions were removed, to bring operations back to normal as quickly as possible. But the tharvery outset their efforts have been thwarted by one of the factors which has so often intervened to prevent a growth in production proportionate to the demand.

Early last week a car shortage began to develop which is continuing without prospects of abatement. The indiscriminate distribution and use of cars under the Railroad Administration's methods of operation, has scattered them to the four winds and into lines of traffic different from that for which they were formerly used. This makes the assembly of cars for coal and coke loading a slow process than in those days when certain classes of cars were kept shuttling back and forth on short hauls between producer and consumer. Still other cars loaded with coal are being held at scale points under diversified orders, hence virtually out of commission. The resumption of the idle coal mines in other fields calls for cars greatly in excess of the supply.

All of these factors are contributing to an interruption of the coal supply the Conneltsville region enjoyed while the coal strike was on, consequently the operators are making relatively slow progress, toward bringing production up to the increased requirements of consumers. In this respect history is merely being repeated, it having been the misfortune of the coke region to confront one unfavorable condition after another. Apparently the present is no exception unless it be that the "humps" have come in rather more rapid succession than during any previous period.

SERVING POLITICS, NOT THE PUBLIC'S INTERESTS.

The inability of the present Administration to get away from politics on any and every issue that affects the public in a large way, has been no more prominently brought to general notice than in the efforts made to bring about a settlement of the coal miners' strike.

With a great show of determination to compel respect of and obedience to authority the government went into the courts to restrain the strike leaders from making the strike effective and still later to require its recall. Without hesitating that the mining of coal be resumed pending efforts to reach an adjustment of the differences between the employers and employees, a conference was called and Federal Administrator Garfield placed in charge. When his proposal of a 14 per cent advance was rejected Attorney General Palmer and Private Secretary Tumulty eliminated both Dr. Garfield and the operators from consideration and began negotiations with the strike leaders and entered into a memorandum of agreement with them. The agreement is reputed to contain such provisions, or varied with such assurances, that the miners understand they are late to be granted still larger advances through the me-

dium of a tribunal of three persons appointed by the President to make inquiry into the whole subject of wages and prices.

Such an agreement having been wholly unnecessary, except for the political necessity the Attorney General saw in preventing the legal proceedings against the miners' leaders reaching the trial stage, and possibly conviction and imprisonment of the defendants, before Judge Anderson at Indianapolis, the concessions made are roundly denounced by the operators and the public generally, as a surrender by the government. Even the discreditable fact is a complete back-down by the Department of Justice after having so vociferously proclaimed its unalterable intention of enforcing the law which the Attorney General himself declared to have been plainly violated.

The operators accepted the Garfield proposal of a 14 per cent advance which carried with it the suggestion that a commission with advisory powers only be appointed to inquire into the wage and price situation. The Palmer-Lewis agreement ignored both Garfield and the operators and went far beyond the latter's proposal in providing for a tribunal of three persons upon whom the President has conferred the power to fix both wages and prices. This surrender of the government's control of coal prices to a body in which the public has but one vote out of three Dr. Garfield holds is "fundamentally improper and dangerous." And that is the view the public is taking of the matter.

That the operators, having no voice in the Palmer-Lewis agreement, refuse to be bound by it is not surprising. It is merely adding to the disagreements, confusion and bitterness that have grown out of the efforts of the government to play politics with a view to winning the miners' vote, instead of seeking to bring about a permanent settlement that would preserve the rights of and deal impartially and fairly with the miners, operators and the public.

If the Treasury's figure of \$47.25 per capita is the correct measure of money in circulation, there must be a lot of people who have about that much less than nothing as their share. By refusing to buy fresh eggs at 75 cents per dozen, and forcing the market price down to 15 cents, the women of Chicago have shown a President Wilson and Attorney General Palmer that they are still in the kindergarten class when it comes to dealing with the coal trade.

The blanket sale will enable many citizens to make a very timely Christmas present to themselves.

The fat pay envelope being handed out this week will mean bulging Christmas stockings Thursday morning.

If you have bought a plentiful supply of Red Cross Christmas seals and contributed freely to the Salvation Army's Christmas dinner fund, you are entitled to buy something for your friends, yes even for yourself.

The Department of Justice would do well to take a few days off from its "campaign against high cost of living" and take some oral instruction from Judge Anderson of the United States District Court at Indianapolis relating to the supremacy of government and law.

POOR WILL BE CARED FOR

Associated Charities to See That They Get Bountiful Christmas Dinners; Shopping Is Big, With Turkeys and Other Eatables Sort of Scarce.

Special to The Courier.
SCOTSDALE, Dec. 23.—Christmas will be celebrated in Scottdale with the usual early morning service at 8:30 A. M. at the Reformed church. Christmas hymns will be sung, scripture passages relating to the birth of Christ will be read and a brief address will be delivered by Rev. Leubach, the pastor.

The library will be closed for the day as well as all physical activities at the Y. M. C. A.
In the afternoon a matinee dance will be held in the Reed building, with Joseph Maloy and George W. Lipps on the committee. Silas' Banjo orchestra will furnish the music.
Good entertainment has been provided by manager Maurice E. Meiner at both the theatres. At the Arcade, a special Christmas matinee will begin at 1 A. M. with the Lee Kiddies in "The Trouble Makers," a comedy and the usual serial picture. At the Scottdale theatre, will be a special Christmas matinee with a "Tab" show, "The Yankee Maidens," and a good comedy. The Associated Charities will look after the needy and see that they have something nice for Christmas dinner.

Child Dies.
Cleric's Satorokas, aged six months, child of Mr. and Mrs. George Satorokas, who died at the family home at the corner of Pittsburg and Broadway on Saturday was buried Sunday afternoon in the Scottdale cemetery.

Mary Ann Gismond.
Mary Ann Gismond, aged two years, daughter of Mr. and Mrs. Pasquale Gismond, who died at its Kieferstown home, will be buried this morning in St. John's cemetery, following funeral services at St. John's church.

Mrs. Harry Blank.
Mrs. Harry Blank, aged 54 years, who died Friday at her home on Pearl street, was buried in St. John's cemetery yesterday morning, following funeral services at St. John's church. The husband and two sons, Elmer and Jems Blank, survive.

Xmas Shopping Big.
Christmas shopping in the last few days is bringing enormous trade to the merchants. The purchases are mostly small articles, and a large number of turkeys were not plentiful. On display at one meat market was a block of ice with the turkeys frozen in it and these were viewed by crowds of people. The Christmas goose could be obtained at some of the markets yesterday for 45 cents per pound. There was an abundance of fresh country eggs and sugar needed for the holiday season.

Johnston Malloped.
The local Phy-Me team opened their season auspiciously last Saturday night when they put the cleaners in the Lawton club of Johnston, a team is made up of returned service men some of whom were in college before entering the service. The locals scored first, but were unable to retain the lead long for the floor work and shooting of the visitors was clever, the result being that the 12-8 stood against the Phy-Me club at the end of the first quarter. However, Nigh and Lester solved the question of covering it forwards, and with a fine burst of speed as of days gone by, Murphy, Hume and Porter fought their way through four corners, while Lester added several pretty shots, bringing the locals out ahead at the end of the half, 23-19.

Rheumatism Relief—25c.

Nature's Remedy (NR Tablets), Are Helping Thousands Who Suffer from Rheumatism Without Result. It's Guaranteed.

There are three vital processes of human existence—the digestion of food, the excretion of waste, and the elimination of poisons. Poor digestion and assimilation of food, and the consequent accumulation of waste matter, which poisons the body, is the cause of many serious diseases. Rheumatism, due to some interference with the process of elimination, failure to get rid of certain body poisons, cannot be expected to yield to any medicine that fails to correct the condition responsible for it. Could any reasonable person expect to rid himself of rheumatic pain as long as rheumatic poison is allowed to remain in the body? Think of this. It explains the success of Nature's Remedy (NR Tablets) in so many cases where other medicines have failed. Thousands are using NR Tablets every day and getting relief. Why pay five or ten times as much for uncertain things? A 25c box of Nature's Remedy (NR Tablets), containing enough to last twenty days, must help you. You must give you prompt relief and satisfactory benefit or eat up a machine. Nature's Remedy is not only for the relief of rheumatism. It improves digestion, tones the liver, regulates kidney and bowel action, improves the blood and cleanses the system. You've tried the expensive medicines and doctors, now make the real test. You'll get results, this time. Just get it. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

3 MONTHS OLD BABY HAD RASH

On Face, Very Itchy and Inflamed. Burned Very Itchy. Cross and Fretful. Cuticura Heals.

"When three months old my little brother started with a rash on his face and neck. It was very itchy, and he burned very much, causing him to scratch. He was cross and fretful during the day. I was advised by a friend to use Cuticura, and after using one cake of Cuticura Soap and two boxes of Cuticura Ointment his face was healed." that the lead taken in the second quarter was not only held, but increased until the danger was passed. Daidleman, substituting for Kuehne, played a pretty game the second half, but his team-mates failed to respond to his speed, and when the whistle blew ending the game, Hume had rolled in 11, Murphy nine and Porter four. These with Lester's two corners and Hume's seven foul goals brought the total score to 58 as against 36 for the Lawton club.

No individual stars showed up in the Phy-Me game, although Hume and Murphy had a big night. Their scores came as a result of good team work on the part of Porter, Lester and Nigh.

With four players in reserve the locals were in readiness for bad breaks for in the Gordon brothers, Gates Walt, and Crowley the Phy-Me has a squad of players of such strength that only the years of playing together of the squad playing Saturday night kept them out of the game.

A return game will be played in Johnston the last week in January. Lineup and score:
Phy-Me. Johnston.
Hume. P. Hunter.
Porter. P. Kuehne.
Murphy. C. Felt.
Lester. G. Wolf.
Nigh. G. Daidleman.

Tells How to Stop a Bad Cough

Surprising results from this famous old home-made syrup. Easily prepared and costs little.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or your child wakes up during the night with cough and you want quick relief, try this reliable old home-made cough remedy. Any druggist can supply you with 2 1/2 ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. It is desired. This recipe makes a pint of really remarkable, cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief. You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing. Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for any ounce of Pinex, with full directions and don't accept anything else. Guaranteed to give absolute satisfaction, or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

About Constipation.

It may truly be said that constipation is the father of many ills. It would most likely be a big surprise to you to know how many diseases have their origin with constipation. The bowels are the sewerage system of the body, and when clogged there is certain to be trouble sooner or later. If you would enjoy good health make it an invariable rule to have your bowels move once each day whether there is an inclination or not. If you adopt the right sort of diet, one suited to your age and occupation and take plenty of outdoor exercise, no medicine will be required. Medicine is for the sick and for lazy people who are not willing to walk four or five miles a day as they should. When a medicine is required you will find Chamberlain's Tablets are excellent, easy to take and mild and gentle in effect.—Adv.

STANDARD BALL IDEA STIRS GOLF PLAYERS

Rule Would Meet Hard Oppos-
in U. S. and Canada.

No Definite Action Taken at Meeting
of Royal and Ancient Club of St.
Andrews—Matter Seems to Be
in Abeyance at Present.

Although the Royal and Ancient Club of St. Andrews at its last meeting took no definite action on the standardization of golf balls, the matter was discussed. Prior to the meeting it was reported on seemingly good authority that it was the intention of the rules of golf committee to introduce a rule standardizing the ball, writes Joe Davis in Chicago Tribune.

In order to give the golf trade a chance to unload its stock of heavier balls, it was proposed to make the change take effect at the close of the present season.

For the time being the matter seems to be in abeyance, and while the matter of standardization never has been officially discussed by the United States Golf association, the national body would have to take official action if the British authorities decided to adopt a standard ball.

Although the U. S. G. A. and the Royal and Ancient club differ in their interpretation of the amateur rule, the only difference in the playing rules is that the U. S. G. A. sanctions the use of the mallet-headed putter, which is barred in Great Britain.

Commenting on the proposed legislation the Canadian Gopher says:

"It is sincerely hoped that the rules of golf committee will not be so all advised as to adopt such a radical departure without first consulting the powers that be in this and other golfing countries. In Canada the rules and regulations of the game as laid down by St. Andrews are faithfully followed, but it is a grave question if any such change as that mooted in connection with the standardization of the ball would be acceptable here. The rules of golf committee must hasten slowly, very slowly, before making any such rash decision. It certainly would be retrograde legislation."

The chief objections made to the rubber-cored ball are that it gives a good response to a light shot, that it makes recovery from hazards too easy, so that the bad shot does not receive the punishment it deserves, and that its resiliency makes it much harder to control on a hard green, and so introduces an element of luck in approaching and putting.

"All these objections apply most strongly to the rubber and much less strongly to the small, heavy ball, which is proposed to abandon. One thing is sure: If St. Andrews does attempt to standardize the 'foater,' its ruling will not be observed in Canada or the States. It will commit golfing suicide as far as its influence here is concerned."

HEADACHE

Caused by

Acid-Stomach

Yes, indeed, more often than you think, because ACID-STOMACH, arising with indigestion, heartburn, belching, food-repugnance and gas, is not checked, will eventually affect every vital organ of the body. Nervous, bleeding, spinning headaches are, therefore, of frequent occurrence as a result of this set condition.

Take EATONIC. It quickly banishes acid-stomach with its four blood, pain and gas. It aids digestion—the stomach's set full strength from every mouthful of food you eat. Millions of people are miserable, weak, sick and ailing because of ACID-STOMACH. Poisons, created by partly digested food clung to the acids, are absorbed into the blood and distributed throughout the entire system. This often causes heartburn, indigestion, dizziness, of the liver, heart trouble, vertigo and even cancer of the stomach. It is the victim of their health, undermining the strength of the most vigorous, physical and mental strength—the full of vim and vigor—your life and be happy, you must get rid of your acid-stomach.

In EATONIC you will find the very best you need and it is guaranteed. So get a box, from your druggist today. If it fails to please you, return it and he will refund your money.

WE THOUGHT MOTHER WOULD DIE—STOMACH TROUBLE BAD

How She Did Suffer and All I Can Say We Didn't Know About Earle's Hypo-Cod.

IT GAVE HER

QUICK RELIEF

"My mother now in her eighties, has suffered with the worst kind of stomach trouble for years and we actually thought it would kill her, she suffered so at times," declared Mrs. Jane Stephenson, 810 N. 21 Sharon Lane, Youngs own O.

She lost sleep and had got so nervous. When she would eat my 'how she would suffer. Gas seemed to form and it affected her heart and breathing. Sometimes it looked like she was going to die. Then for long periods she would have to live on cereals, milk, broth and soups we hear about Earle's Hypo-Cod and we noticed after a few doses that she was getting better. She was more calm than before and nerves weren't so bad. She began sleeping better throughout the night which was a mighty good sign to us.

Then her appetite became good again and it was no time until she could eat anything she wanted—just what she wanted. It surely did help mother wonderfully. It helped her so much, I took Earle's Hypo-Cod myself and it gave me new strength and proved again it is a wonderful remedy. It surely is fine for weak rundown people and mothers and I recommend it to everyone. Just buy a bottle and see for yourself. Continued Mrs. Stephenson, who is the daughter of Mrs. Jane Stephenson.

Elderly people require a powerful tonic. It must not upset the stomach, however, and in Earle's Hypo-Cod we have the splendid combination so long sought for. Read the formula on the bottle, look for the name of the nationally known Earle's Chemical Co. which is assurance of quality and full strength. Go down tonight and secure a large bottle.

Earle's Hypo-Cod is sold here by Esel & Company and the leading druggists in all nearby towns. Price \$1.25 plus 5c war tax—Adv.

USHAKEN TESTIMONY

Time is the test of truth and Doan's Kidney Pills have stood the test in Connelville. No Connelville resident who suffers backache or any annoying urinary ills can remain unconvincing by this true-to-life testimony.

Mrs. A. Luking, 819 Ninth street, Connelville, Pa. Some years ago I began to have trouble with my kidneys. When I stooped or bent over I could hardly straighten up again because I had such sharp pain in the small of my back. I also had trouble with the action of my kidneys. Doan's Kidney Pills were recommended to me by a friend, so I got some. They helped me a whole lot and it has been nearly four years since I have had to take them.

Relief on Doan's.

Mrs. Luking gave the above statement March 18 1912 and on August 9 1919 she added: Doan's Kidney Pills are a good old reliable kidney medicine. I use them whenever my back hurts or my kidneys get out of order and I recommend them just as highly as I did in 1912.

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Luking had. Foster-McBarn Co., Mfg. Buffalo, N. Y.—Adv.

Which Grafonola Do You Want for Christmas?

It's Not Too Late at The Rapport-Featherman Co.

We Have Plenty of Grafonola's and Sell Them on Very Convenient Payments.

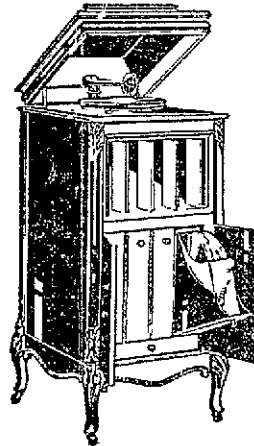

Whatever kind of a Grafonola you want, just come in tomorrow and select it from our fine, wide assortment. And we will deliver it before Christmas.

Our Liberal Credit Terms Enable You to Own Any Type

Columbia Grafonola

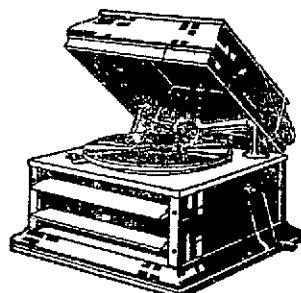

And All the Records You Want.

Our three cozy Demonstration Booths enable you to listen to your favorite Records and make an easy selection.

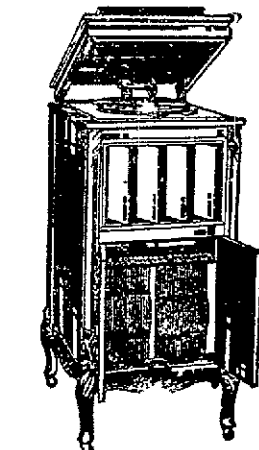

We have such unbounded faith in the superiority of the Columbia that we handle it exclusively. In every line there must be one "best"—and in talking machines, it is the Columbia. It is not "best" because we sell it, but we sell it because it IS "BEST."

Columbia Grafonola and Ten Selections on Five Double Discs — \$54.25

Handsomely finished throughout and is equipped with a powerful motor and tone control shutters

Columbia Grafonola with Ejector Cabinet and 20 Selections on Ten Double Disc Records — \$123.50

AFTER YOU HAVE CONSIDERED THE VARIOUS MAKES OF TALKING MACHINES AND COMPARE THE MERITS OF EACH WE BELIEVE WE ARE SAFE IN ASSUMING THAT YOUR CHOICE WILL NATURALLY BE A COLUMBIA GRAFONOLA.

THE ONLY REAL QUESTION THEN TO DECIDE IS—WHICH TYPE GRAFONOLA DO YOU WANT?

THERE IS A SIZE AND STYLE TO PLEASE EVERYONE—HERE AT THE RAPPORT-FEATHERMAN CO.

Make your Christmas selection now. Arrange the payments to suit your convenience.

Regardless of whether you purchase a small \$25.00, \$100.00 or \$250.00 "Columbia" you get the same pure sweet tone—clear, resonant and full which after all is the most important feature when purchasing any talking machine.

Last year many were disappointed in not getting the machine that they wanted and we were compelled to loan them smaller models until those they ordered arrived. Insure against a repetition by ordering your machine now. It will be delivered at once or we will hold it any day you say to deliver it.

All Models Now! Don't Wait!

Don't let the shortage catch you later. There isn't enough good talking machines to go around this season. The manufacturers have not been able to even half way meet the demand. Do your shopping tomorrow, it's not too late.

Use Your Liberty Bonds to Secure Your Talking Machine
An Investment in Real Home Happiness!

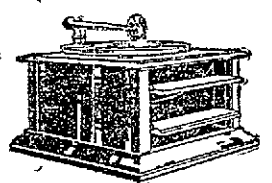

The One Advantage That the Columbia Grafonola Has Over All.

THE NEW NON-SET AUTOMATIC STOP

The new Columbia Automatic Stop requires no setting for any attention whatever when playing a record. Start the motor in the regular way by moving the start lever. The Automatic device will stop the motor a few revolutions of the record after the music ceases, no matter what size record it may be. This does not in any way interfere with moving the start and stop lever by hand. No adjustment is necessary when playing different size records, as the lever that stops the motor is connected with the tone arm. The pressure of the tone arm while a record is playing holds back the Automatic Stop infallibly.

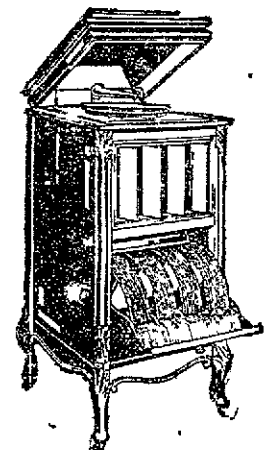

Now is the Time to Make Your Selection

A Small Payment Will Deliver Any Price Grafonola.

Columbia Grafonola and Ten Selections on Five Double Discs — \$29.25

Remember this a genuine Columbia Grafonola and will play disc records as perfect and clearly as the higher priced types

This Columbia Grafonola With 20 Selections on Ten Double Discs — \$108.50

KINGSTON MAN SUPERINTENDENT AT THE SILK MILL

Continued from Page One

as compared with 35 when Mr. Bloom assumed the superintendency. Sixteen are employed at night.

Early in the new year the company will install 20 individual motors on many winding machines, eliminating overhead shafting in that part of the plant. Eventually motors will be attached to all winding machines, of which there will be 40. Five new first time spinning machines are to be installed, bringing the total to 39, also eight second time spinners, making 23 in that department. The company recently installed newly patented machinery in the reeling room. This was worked out by new connections with the company and is a great improvement over the system formerly used.

Next June if the machinery can be secured, the company will add a new line to its product—crepe silk for the manufacture of the fine material for which women's silk waists are made. This class of goods is now made at the company's plant at Piquette, Mich.

The Specialty Silk company does not weave fabrics. Its product is the silk thread from which various kinds of silk materials are made.

There is no busier place in Connellsville than the plant of the Connellsville Silk company, emphasizing the good fortune of the city in securing the industry which has grown steadily since it located here.

ANOTHER DENSE FOG

Pittsburg, for Second Time in Week, Enveloped in Fog.

By Associated Press

PITTSBURG, Dec. 22.—For the second time within a week, Pittsburg was today enveloped in an unusually heavy fog. Intense industrial activity sent great columns of smoke into the air which hung over the city like a pall. Ordinarily a 15-mile wind is required to clear the atmosphere and as it was blowing only at the rate of four miles today the fog stayed.

It was necessary for motor car drivers to keep their lights going in the downtown section and all stores and office buildings were lighted. The weather bureau reported that the foggy conditions was not local but extended as far west as Oklahoma. It was more pronounced in the Pittsburg district.

A WORD TO MEN

How He Ended Kidney Trouble.

"I had a severe attack of kidney trouble and for three weeks could not get out of doors and scarcely out of bed," writes C. E. Brewer, Village Springs, Ala. "Could not bend over at all without the most excruciating pains. I purchased a bottle of Foley Kidney Pills. Was relieved after first few doses and continued their use until completely cured. I consider Foley Kidney Pills the best kidney remedy in the world. No recurrence of my trouble. Sold everywhere.—Adv."

Wedded on Death-Bed.

Miss Estelle English, of 1142 Rebecca street, Wilkesburg, was married on her death-bed yesterday to Herman Roush. Three hours later she passed away. Although hope of her recovery from pneumonia had been given up, the wedding ceremony, which had been scheduled for Saturday, was performed.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Four three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It is a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

THE SOISSON.

"THE WESTERNER"—An interesting production featuring an all-star cast and a selected comedy are being shown today. Tomorrow and Thursday, Mrs. Charlie Chaplin (Vildred Harris) will be seen in "Forbidden".

"Forbidden" is a picture strong in dramatic and interest. The fact that it is a Weber-Universal production is complete assurance of merit. Miss Harris was never cast in a more noteworthy part than that of Maudie Irwin, the soulful country maid who has longed all her life for the bright lights of the city. Her work throughout is admirable, which added to the capable support of her cast and the excellence of the photography makes "Forbidden" a worthy successor to other Jewel productions in which this dainty star has appeared.

Miss Harris who is remembered and cherished for her work in "Home", "The Doctor and the Woman", "When a Girl Loves", "The Price of a Good Time", "For Husbands Only" and others is one of the few screen stars of the first magnitude who rose to stardom via the motion picture route only.

The story of "Forbidden" is one of intense interest and Mr. Durling gained the germ of his idea for the plot from the old classic myth of Pandora and the forbidden box.

THE PARAMOUNT.

"THE WRECK"—A Vitagraph production, with Anita Stewart in the leading role, is today's feature attraction.

"The Wreck" is probably the most time picture on the market today. It is timely because of the sensational fact that it deals with railroading and that railroading has become one of the biggest ideas before the public. The press is full of news and editorial discussion of the railroads. For weeks there have been rumors and controverted stories concerning the subject of the railroads and of railroad workers. The men who run the trains and operate the shops and tinker and repair and build the tracks and the things that run on those tracks—2,000,000 men in fact—are at this time a potent force in the destinies of the country.

THE ORPHEUM.

"THE MIRACLE MAN"—A picture that thrills Big George Loane Tucker production. A motion picture that will thrill audiences wherever it is shown, not only because of its absorbing story, but because of its powerful heart appeal, is "The Miracle Man," a new Paramount Aircraft feature, produced by George Loane Tucker which appears at the Orpheum theatre today and tomorrow. The story deals with a notorious band of crooks operating in New York's Chinatown, who learn of an ancient talisman living out in the country and possessing the power to heal the sick and make whole the crippled.

With the idea of making money out of his operations, Tom Burke and his pals go to the deaf and blind healer. Then commences a transformation in these crooks that makes one of the most fascinating stories of all time. The chief roles are finely interpreted by Thomas Meighan, Elmer Fair, Betty Compson, and others of similar calibre.

THE PARAMOUNT.

"THE SHEPHERD OF THE HILLS"—Featuring an all star cast will be presented Monday, Tuesday and Wednesday December 29, 30 and 31.

This motion picture has been taken from the novel by the same name which is said to be the most widely read of any book by an American author. The author, Harold Bell Wright, has directly supervised this production and the tale of the Idyll of the Ozarks is most beautifully retold in these pictures. It is an intensely human story in which tragedy, romance and comedy are skillfully blended. In the lives of the typical mountaineer characters, the world-old story of love, sin and suffering and forgiveness is told and through it all a moral of manliness and honesty is held out that seems to purify the story of transgressed love on which the play is based. There is hate, inexorable fear of man and spirit, vengeance that has burned a lifetime, love human and divine all these in a swiftly moving panorama make this picture drama one of the most emotional and effective that has been produced in some time.

JUST THE THING FOR "OLD FOLKS"

So many of us have been looking for something to give our Old Folks that will be all for their good and in no way harmful.

That something has been found. It is Tanlac—nature's greatest boon to those passing down the hill of life. That is why it is so simply self destruction to let debility run away with you, comfort and health in time debility wears its victim away. As it gathers force and nourishes itself upon your very life blood.

Nervousness, head ache, depression, loss of appetite, backache, indigestion, sleeplessness and that run down feeling, the characteristic symptoms of this trouble and Tanlac acts like magic when it brings back restful sleep, sound digestion, more vitality and drives away that detested dependent feeling so quickly that it actually astonishes you. The genuine J. J. Gore Co. Tanlac is now sold here by Beighley's Pharmacy, Connelldale, Pa. Drug Co., P. H. Harrington—Adv.

Dr. Auto.

Was called to Leavening No. 1 a few days ago. The owner of car stated case very serious. Automobile Doctors from Connelldale and Uniontown had given this Maxw. 1 up as no cure. Dr. Auto examined the car and put an end to the trouble with a small operation on the left side. Health was restored. Car owner was Tom Bailey—Adv. 23-11.

LOCAL MEN IN PARTY THAT CROSSES THE HOT SANDS IN PITTSBURG

Dramatic Order, Knights of Khorassan, Dances on Ceremonial - Saturday.

The immense crowd of holiday shoppers in Pittsburg were treated to an unusual spectacle Saturday evening when a band of wild brigands invaded the city in their Arabic costumes attracting much attention on the downtown streets. The spectators that lined the streets were panic-stricken wondering if it would be necessary to call the reserves in case the regular police force was unable to handle the situation. Signs of relief were heard on all sides when it was learned that they were only an advance guard of the Dramatic Order Knights of Khorassan, dances putting on a ceremonial.

The parade followed a banquet held in the General Forbes hotel and was led by the dokey band of Steubenville. It followed by the officers and brigands and bringing up the rear were the tyros or candidates all anxious to go and they must have gone—some from this city were among those who were unable to return home before Sunday evening and others have not been seen since on the streets.

After the parade they returned to the hotel and behind the closed doors of the spacious banquet hall the famous Ceremonial Dance of Vana Khoul temple Steubenville caused the no happy tyros to cross the hot sands and drink of the Zem Zem that flowed from the burning wells. The ceremonial was held under the auspices of the Laab temple No 21 McKeesport. Among those present from this vicinity were H. S. Jobe, R. C. Shupe, J. P. Butler, F. O. Galties, J. E. Teachers, H. C. Snyder, S. B. Miller, H. J. DeBolt and R. W. DeBolt.

Dawson.

DAWSON Dec 22—Miss Frances Barrett of McKees Rocks spent the Sunday at the home of Mrs. Charles Gail.

William Brown was a Pittsburg business caller Sunday.

Mrs. John Good of Johnstown is spending a few days at the home of her parents, Mr. and Mrs. A. C. Brown. Harold Cotton who is attending college at Meadville is home for the Christmas vacation.

Mrs. Harry Cochran was a Pittsburg visitor Saturday.

J. R. Laughery who is attending St. John's academy is home for the holidays.

Mrs. Calvin Morse of Broad Ford was a Dawson caller Saturday.

Miss Gladys Laughery was a Pittsburg shopper Saturday.

Max Woods, the well-known clerk at the Burette & Saylor store, is rated as one of the best turkey hunters in the country. That is for some ones not wild. On Saturday 17 of the forest birds escaped from their pen and Woods had some time capturing them but the snow helped him as he was thus enabled to track them. He followed some of them as far as Hickman run one mile east of town. Others were on house-tops and in various places about town. Max had captured 16, and he finally located the last one on the M. E. church. The bird then flew into Rev. Baum's back yard. Max said he did not expect it to get any farther than the minister's yard but it did—he next located it in a neighbor's yard. After they were all placed back in the coop Max said: "Ye but I would like to eat all you heads off before Christmas if I only could find the time to do so."

Bartholomew the well-known baseball pitcher a student at Bethany college arrived home to spend the Christmas vacation with his parents in East Liberty.

Mrs. Charles Gail visited her sister Mrs. Martin Hannon West Side Saturday.

Winter Weather and Heavy Foods.
Comparatively few persons exercise as much outdoors in winter as in summer and at the same time almost everybody eats more heartily in cold weather. The extra work put upon digestive organs leads to indigestion, biliousness, headache, bad breath, coated tongue, constipation, gas, constipation. Foley Cathartic Tablets thoroughly cleanse the bowels, sweeten the stomach and benefit the liver. They cause no griping or nausea and are welcomed by over 50,000,000 persons who welcome the light, free feeling they bring. Sold everywhere.—Adv.

Cards of Thanks.

Mrs. William A. Hannan and family wish to thank their friends for their aid and sympathy extended them during the recent bereavement the death of their beloved husband and father. Especially do they desire to thank those who sent floral tribute.—23delt

Men Will Appreciate Such Practical Gifts as Bathrobes—Pajamas—Slippers

There's such good sense in the average man's attitude toward the things he receives from Santa, that buying for him loses all its hazards here. What he wants is

Quality—Correctness—Comfort

and it goes without saying these are the distinguishing traits of whatever is bought in our Men's Stores.

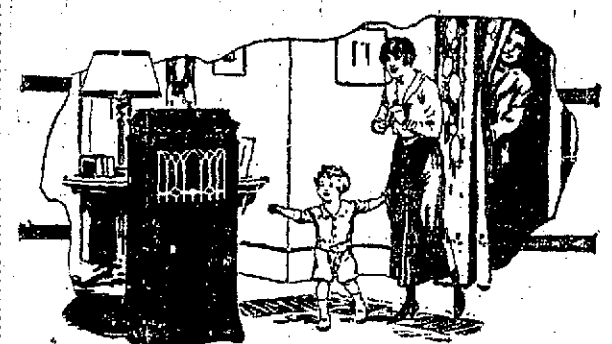

While there may not be much romance in such prosaic gifts as underwear, shoes, hosiery and such, there's a warmth in the feel of them, which lasts as long as they do.

THEN, TOO, YOU CAN BUY HERE

SILK SHIRTS—SCARFS—TIES—SMOKING SETS—LEATHER TRAVELING CASES—POCKET BOOKS—GLOVES—BELTS—AND BELT BUCKLES—FULL DRESS SETS—WATCHES—and You'll Be Surprised How Far \$5.00 or \$10.00 Will Go on This List.

For the Home With Electricity

“Everything Electrical” is the ultimate aim and this would be a very good time to give an electric lamp. Art bases and parchment shaded in all the new designs as well as mahogany bases and silk shades.

Stationery to Please the Most Fastidious Writer—

Plain white or in all the popular delicate shades of pink, blue and yellow, French gray and lavender or white edged with colors, Crane's Linen Lawn and Highland Linen will make inexpensive gifts in which the pleasure they give will be out of all proportion to their cost.

Stationery in gift boxes, one quire to ten—

Downy Pillows of Taffeta

Some are round, others are square or oblong, but their shape has nothing to do with the softness of their filling or the richness of their silks. Not only have we the pillows ready to give, but we have the most beautiful coverings in silks, satins, tapestry and cretonnes from which soft pillows can be made at little expense and with little trouble.

Round Taffeta Pillows, \$5.00
Art Pillows \$1.00-\$2.50.

Linens and Bedding

Any housewife or, indeed, almost any member of the family from the smallest “Sonny Boy” in his crib to the cocksure college student will rejoice to receive a pair of warm blankets or a down or wool filled comfort for “all his own”. While as for the home, there's always room in any well regulated linen closet for more sheets, more embroidered pillow cases, more comforts and more blankets. Did you ever know of any home being overstocked?

(See these on the second floor.)

WHAT WILL SANTA BRING?

That's the Burning Question of the Hour for Hundreds and Hundreds of Children Who Have Been Painfully Good for Weeks.

Fortunately there are just a few more hours now until they will know. Right here in

The Christmas Store

At the Foot of the Stairs.

Santa's helpers, the Brownies have gathered together a wonderful array of everything that children want for Christmas.

Beautiful Dolls

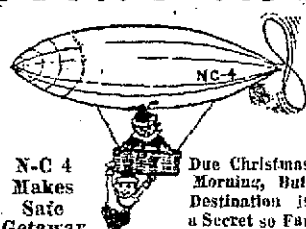

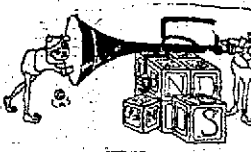

are just

yearning for some young mother's love and some of them are big enough to join in the Christmas afternoon promenade.

Books and Building Blocks

are mighty absorbing to these Brownies and every night, they hold high revels—just ask the clerks if it isn't so?—and every morning, when the sales folk come to work, they find just hosts of things gone, taken by these Brownies to Good Children's Homes.

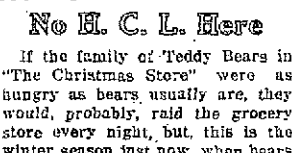

N-C 4 Makes Safe Getaway

One of the airplanes which has been hovering over “The Little Bookshop” at “The Foot of the Stairs”, has sailed for some one's Christmas tree, but as it left between store hours, it is not known just where it will land. All boys who wrote Santa for an airplane are warned to be on the lookout for it.

No Danger From Hobby Horses

All the Hobby Horses in “The Christmas Store” are warranted safe for the youngest rider. Each night, they are exercised up and down the store aisles so they will not get frisky from being too long indoors and the Brownie Broncho Busters Union will give a safe guarantee with each one.

No H. C. L. Here

If the family of Teddy Bears in “The Christmas Store” were as hungry as bears usually are, they would, probably, raid the grocery store every night, but, this is the winter season just now, when bears hibernate and don't eat.

Big Drum Gone

When the Brownie Band met in “The Christmas Store”, Wright-Metzler's, “At the Foot of the Stairs”, last night, they found not only their big bass drum was gone, but there was not even a tiny snare drum left. As a result, rehearsal was called off until next November, as it is supposed the delivery Brownies had carried all the drums to the boys who ordered them.

Then the entire Brownie band “hooked” one of the sleds and spent the rest of the night on Crawford avenue hill. As a result it was unusually slippery at Elmstone Corner.

But Lack of Electricity Is No Bar to Art Lamps—

On the first floor near the stairs are most beautiful candlesticks and candles which are easily fitted, if desired, with shades and the many handsome silk shades to be sold separately will make art lamps out of almost any gas or oil burner.

Prices vary (according to style and size)

For the Motorist

What could be nicer than a warm motor rug in heavy weave, but light weight woolens? Dark blue robes with brighter colors in the patterns will make most acceptable gifts and when the car is in the shop, the Sun Parlor swing can use the rug very well.

\$7.50 to \$15

What Auto Enthusiast Would Not Welcome a Luncheon Kit?

It may be only a couple of Thermos bottles in a leather case, or it may be a completely outfitted luncheon set with silver, plates, napkins and everything. When it's opened, what visions it will bring of open roads and purring engines, or wayside brooks and luncheon for two—

LUNCH BOXES, \$2.75 TO \$6.50.
LUNCHEON KITS—\$16.50 TO \$36.50.

Curtains and Carpets

Other gifts for the home which will add just that much more to its attractiveness and the family pride in it, will be found on the second floor to the left of the elevator, where along with the Hoover and The New Edison, with handsome cedar chests and willow furniture, with foot stools and steamer trunks, one will find beautiful soft colored, deep piled rugs and exquisite curtains, rich overdraperies and table runners and many other home furnishings always desirable.
